

ANW user survey

Thank you for participating in this survey. Your comments on the design and content of the ANW site will help us to ensure that it is as useful and effective as possible.

The survey is divided into four parts; you do not have to complete them all. The full survey will take about 20 minutes.

Part 1 Your experience of the ANW site

When did you find out that it existed?

How did you find out? Google search Link from other archive website Archive staff
From a friend From a leaflet From publicity (newspaper etc)

How often do you use it?: daily weekly monthly occasionally

Have you gone to see a collection that you found out about on ANW? Yes No

If so, was this the first time you have visited an archives repository? Yes No

If so, do you expect to use archives again? Yes No

The worst thing(s) about ANW:

Part 2 Usability test

(This section asks you to carry out a series of tasks using the ANW website so that you can comment on how well it works)

Go to: About ANW

FAQs about the project: choose one

Back to top of page

Go to: Cymraeg version of page

Go to: Browse descriptions

Choose a repository from middle frame

On righthand frame, click on collection

Go back and choose NLW, and a record, and then under "finding aids"

click on the link to *Detailed catalogue*

Go to Search Options: quick search

Enter a term ("coal")

Click on results to show record

Go to Search Options : advanced search

Enter a term "coal" and a repository "Flintshire"

Go to Search Options: Personal name index

Click on one of the names shown underlined

Click on one of the description titles

Go to Archives on the Web

Links to other archive resources: UK Archival Network

Assessment of website

Were there any points at which you were unable to find the necessary navigation buttons?

Did you receive any error/not found messages?

Was the website behaviour unexpected or confusing?

Part 3 Your comments overall

ANW project

Website

Current content

Priorities for future content

Part 4 User profile (who you are)

If you are willing to provide some information about yourself, we will use this to build up a statistical picture of our current users as a whole. No individuals will be identifiable in our survey report.

Location: North Wales Mid Wales South Wales Rest of UK Other
